Celebration and Shout-outs:

- Wonderful School Board visit to school (100% participation)!
- Great effort and organization displayed by Mr. Trulock and Edith Tensen scheduling and rescheduling games, meets, and other events.
- Hats off to Denise Smith and the rest of the 2180 Foundation... great success in the online auction and hamburger fundraiser. MACCRAY school and students benefit tremendously from their efforts and generosity.
- Outstanding work by Kim Sandry working on the budget... not only the diligence of accuracy, but also the patience and clear communication working with me is appreciated.
- Excellent work by Mr. Wheatley and the calendar committee in assembly of our 2024-2025 school calendar... The team was presented with some challenges and cooperatively they found solutions.
- Great job to Mr. Kent for taking the lead with "all things" Read Act... He has met with staff, organized meetings with vendors, joined webinars with SWWC and MDE, and has put together a plan for successful implantation of our literacy and language programing.
- Well done Noel Emkes and his custodial team of Raymon, Meriam, Chris, Kurt, and Matt. To say the least, this has been a very "full" year. The team is especially busy at this time of the year with the multitude of activities at the school, preparing ball fields, cleaning up from wet tennis shoes coming in from recess, replacing trees, adding mulch in places, communicating with contractors... and trying to battle dandelions.
- Kudos to Pam Knapper, long term sub in elementary music, and the elementary staff for planning and delivering an excellent spring music concert... A special shout out to the guest percussionist, our very own John Hagemeyer! School member and drum maestro!
- Terrific work by Mr. Westbrock behind the scenes, preparing for device check-in, planning for technology replacements, and finding resources to assist our staff in confidently using the technology to the best of their abilities in the classroom.
- We had a fantastic year in food service... Julie Wohlman, in collaboration with SHIP (Statewide Health Improvement Partnership), has been encouraging kids to explore some new flavors. May's adventurous tasting was avocado and cilantro.
- Great end to the school year!

MSBA/MASA Model Policy 533 Orig. 2005 Rev. 202216

533 WELLNESS

[Note: All school districts that participate in the National School Lunch and School Breakfast Programs are required by the Healthy, Hunger-Free Kids Act of 2010 (Act) to have a wellness policy that includes standards and nutrition guidelines for foods and beverages made available to students on campus during the school day, as well as specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. The Act requires the involvement of parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the public in the development, implementation, and periodic review and update of the wellness policy. The Act also requires a plan for measuring implementation of the policy and reporting wellness policy content and implementation issues to the public, as well as the designation of at least one person charged with responsibility for the implementation and oversight of the wellness policy to ensure the school district is in compliance with the policy.]

I. PURPOSE

The purpose of this policy is to set forth methods that promote student wellness, prevent and reduce childhood obesity, and assure that school meals and other food and beverages sold and otherwise made available on the school campus during the school day are consistent with applicable minimum local, state, and federal standards.

II. GENERAL STATEMENT OF POLICY

- A. The school board recognizes that nutrition promotion and education, physical activity, and other school-based activities that promote student wellness are essential components of the educational process and that good health fosters student attendance and learning.
- B. The school environment should promote students' health, well-being, and ability to learn by encouraging healthy eating and physical activity.
- C. The school district encourages the involvement of parents, students, representatives of the school food authority, teachers, school health professionals, the school board, school administrators, and the general public in the development, implementation, and periodic review and update of the school district's wellness policy.
- D. Children need access to healthy foods and opportunities to be physically active in order to grow, learn, and thrive.
- E. All students in grades K-12 will have opportunities, support, and encouragement to be physically active on a regular basis.
- F. Qualified food service personnel will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; try to accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.

III. WELLNESS GOALS

[Note: The Act requires that wellness policies include goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness.]

A. <u>Nutrition Promotion and Education</u>

- 1. The school district will encourage and support healthy eating by students and engage in nutrition promotion that is:
 - offered as part of a comprehensive program designed to provide students with the knowledge and skills necessary to promote and protect their health;
 - b. part of health education classes, as well as classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects, where appropriate; and
 - c. enjoyable, developmentally appropriate, culturally relevant, and includes participatory activities, such as contests, promotions, taste testing, and field trips.
- 2. The school district will encourage all students to make age appropriate, healthy selections of foods and beverages, including those sold individually outside the reimbursable school meal programs, such as through a la carte/snack lines, vending machines, fundraising events, concession stands, and student stores.

B. Physical Activity

- 1. Students need opportunities for physical activity and to fully embrace regular physical activity as a personal behavior. Toward that end, health and physical education will reinforce the knowledge and self-management skills needed to maintain a healthy lifestyle and reduce sedentary activities, such as watching television;
- Opportunities for physical activity will be incorporated into other subject lessons, where appropriate; and
- 3. Classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

C. Communications with Parents

- 1. The school district recognizes that parents and guardians have a primary role in promoting their children's health and well-being.
- 2. The school district will support parents' efforts to provide a healthy diet and daily physical activity for their children.
- 3. The school district encourages parents to pack healthy lunches and snacks and refrain from including beverages and foods without nutritional value.
- 4. The school district will provide information about physical education and other school-based physical activity opportunities and will support parents' efforts to provide their children with opportunities to be physically active outside of school.

IV. STANDARDS AND NUTRITION GUIDELINES

[Note: The Act requires that school districts have standards, selected by the school district, for all foods available on the school campus during the school day with the objective of promoting student health and reducing childhood obesity. For foods and beverages sold to students during the school day on school campus, the Act requires that school districts also have nutrition guidelines.]

A. School Meals

[Note: The Act specifically requires that the wellness policy contain standards and nutrition guidelines for all foods and beverages sold to students during the school day that are consistent with the meal requirements for lunches and after-school snacks set forth in 7 Code of Federal Regulations section 5.F.R. § 210.10 and the meal requirements for breakfasts set forth in Code of Federal Regulations section 7 C.F.R. § 220.8.]

- 6. Food service personnel shall adhere to all applicable federal, state, and local food safety and security guidelines.
- The school district will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price school meals.
- 8. The school district will provide students access to hand washing or hand sanitizing before they eat meals or snacks.
- 9. The school district will make every effort to provide students with sufficient time to eat after sitting down for school meals and will schedule meal periods at appropriate times during the school day.
- 10. The school district will discourage tutoring, club, or organizational meetings or activities during mealtimes unless students may eat during such activities.

B. School Food Service Program/Personnel

1. The school district shall designate an appropriate person (Food Service Director) to be responsible for the school district's food service program, whose duties shall include the creation of nutrition guidelines and procedures for the selection of foods and beverages made available on campus to ensure food and beverage choices are consistent with current USDA guidelines.

2. As part of the school district's responsibility to operate a food service program, the school district will provide continuing professional development for all food service personnel in schools.

C. <u>Competitive Foods and Beverages</u>

- 1. All foods and beverages sold on school grounds to students, outside of reimbursable meals, are considered "competitive foods." Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores, and for in-school fundraisers, shall be Smart Snack compliant.
- 2. All competitive foods will meet the USDA Smart Snacks in School (Smart Snacks) nutrition standards and any applicable state nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits. https://www.fns.usda.gov/tn/guide-smart-snacks-school https://www.fns.usda.gov/cn/tools-schools-focusing-smart-snacks
- Before and Aftercare (child care) programs must also comply with the school district's nutrition standards unless they are reimbursable under USDA school meals program, in which case they must comply with all applicable USDA standards.

D. Other Foods and Beverages Made Available to Students

- 1. Student wellness will be a consideration for all foods offered, but not sold, to students on the school campus, including those foods provided through:
 - Celebrations and parties. The school district will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas.

[Note: Healthy party ideas are available from the USDA.]

- Classroom snacks brought by parents. The school district will provide to parents a list of suggested foods and beverages that meet Smart Snacks nutrition standards.

- 3. Fundraising. The school district will make available to parents and teachers a list of suggested healthy fundraising ideas.

E. <u>Food and Beverage Marketing in Schools</u>

A RESOLUTION GOVERNING WRITE-IN VOTE COUNTING.

WHEREAS, Minnesota Statute § 204B.09, subd. 3 authorizes a school board to adopt a resolution governing the counting of write-in votes;
